

CHILDREN'S
CENTER
AT THE PHOENIX

The Children's Center at The Phoenix is proud to offer our Refuah Program. Our Refuah Program respects the dignity of life while providing services that are rooted in the understanding and appreciation of Judaism.

Our program includes Refuah Concierge Services offered 24 hours a day. Our team has been educated in the religious traditions and practices of Judaism and the Jewish People. Our deep familiarity with needs and concerns of Jewish patients and their families ensures that we appreciate and accommodate the diversity of Jewish expression within our community. Our mission remains the same: To provide the highest standards in care for our residents and families through progressive clinical care, meaningful support, and extraordinary experiences.
